SAFETY SUNGLASSES

THANK YOU!

Did you know that there are at least 5000 more pairs of safety glasses in use by municipal workers in the last two years?

We appreciate your participation in the safety glass promotion we have been running. Together, we have taken “uncomfortable” and “don’t look good” out of the list of reasons why people don’t wear safety glasses. However, we have heard a new reason – the Bronze Mirror Lens isn’t dark enough when you are working in the sun all day. With summer just around the corner, it’s time to address that concern.

KLCIS NOW OFFERS A SOLUTION!

We have negotiated volume pricing with Safety Solutions Incorporated for the above pictured Gateway Conqueror Camo frame, available in four lens colors. They are available in gray, bronze mirror, amber, and clear. All feature a polycarbonate wraparound lens that meets the ANSI Z87.1+ standard. The lenses also provide 99.99% UVA, UVB and UVC protection. They look cool, feel good, and even come with an adjustable retainer strap. For members in the KLCIS Workers’ Compensation program, Safety Glasses will be eligible for matching funds on future safety grant applications subject to the rules and requirements on the application.

Ordering information: Safety Solutions has agreed to sell these glasses to our members at a discounted price of \$40 per box (10 pair per box), plus shipping & handling. To receive this price, you must order in full box increments. Contact our Safety Solutions Sales Representative Troy Schuck at tschuck@safetysolutions.com. Make sure you identify yourself as a KLC Insurance Services member. Emailing is the best way to reach him, as he will reply to you with instructions for ordering. However, if you have problems reaching him, please call him at 859.552.6655.

If you have a need for safety glasses that can be worn over prescription eyeglasses, we also have an agreed price for another style of glasses, the Gateway Cover 2, for \$27.50 per box of 10. The Cover 2 is also available in gray as well as clear.

With questions, contact Wilma Wilson at wwilson@klc.org or call 859.977.3766.
